

Walk/Run for a Purpose

This year's fundraising goal is \$24,000, which will provide rent and utilities for one year for the Recovery Community Center.

The Center provides a safe-haven for individuals who are struggling with addiction. The Center will fill the gap that exists between addiction treatment programs and peer support meetings in our recovery community by providing a place for those who are in recovery to obtain support that supplements their recovery programs.

At the Center individuals in recovery can attend classes to learn and practice new life skills that will encourage their recovery along with support meetings on various issues. The Center is designed to help the individual and their families strengthen their skills to maintain long-term recovery from addiction.

What is Bloomington-Normal Partners In Recovery?

Bloomington-Normal Partners in Recovery nourishes recovery from addictions through advocacy, education and support. By partnering with 12 step support groups, social service agencies, law enforcement and others within our community, individuals and families recovering from the disease of addiction will blossom through hope, encouragement and acceptance.

It is our vision that our efforts along with efforts on a national level will remove the stigma associated with addiction and addiction will be seen and understood as the medical illness that it is.
